

GENERAL INFORMATION

The Unison Heritage Console Station is designed to provide mobility and flexibility, allowing local control from a podium, table, or other temporary position. Consolelette stations interface to Unison Heritage Receptacle Stations, allowing you to move the device from one room to another, with different settings and functionality at each connection point.

APPLICATIONS

- Houses of worship
- Hotels
- Convention Centers
- Meeting Rooms
- Schools
- Restaurants

FEATURES

- LinkConnect – using Echelon’s LonTalk® protocol with LinkPower, the two wire topology-free system gives you the freedom to put stations where you need them
- ColorCondition – RGB LED’s allow for customized control indication on a per button basis, unlocking the conditional logic capabilities of a Paradigm control system
- Forever Legend System – complimentary colored standard or custom legend options using an indelible, laser-marking method
- RemoteDirect – a built in InfraRed (IR) receiver on every consolelette allows for optional IR remote control at every station
- LockOut – configurable control lockout from the push of a button
- Any Unison Heritage Station Faceplate (one gang or larger) can be mounted in a Portable Consolelette enclosure

REGULATORY AND COMPLIANCE

- cULus Listed
- CE Certified
